

Digital Course Design for Sustainable Futures

Designing, Facilitating and Scaling Online Learning with Digital Tools

This Trainer of Trainers programme equips participants to design and facilitate engaging online courses that respond to sustainability challenges. The course focuses on practical learning design, effective use of digital tools, and co-engaged pedagogies that support meaningful participation and real-world impact.

Who should enrol?

- University lecturers and academic staff
- Trainers and facilitators in education or sustainability fields
- Course designers and instructional designers
- Education and development practitioners involved in digital learning

Why should you enrol?

- Design a high-quality online or blended course
- Apply digital tools to support inclusive, co-engaged learning
- Integrate sustainability principles into course design
- Graduate with a Portfolio of Evidence and Certificate of Competence.
